

This week we are increasing our proactive communication and engagement with our communities and businesses in preparation for the UK's exit from the European Union on 31st October.

Whilst uncertainty remains regarding the exact nature of our exit from the EU it is important we encourage all our communities and businesses to make the best possible preparations.

As well as writing to all parish and town councils, I am also contacting businesses and community organisations to signpost them to where they can receive support in the coming weeks and months.

Parish and town councils play a crucial role in getting information out to our communities. We would encourage you to signpost individuals and businesses in your area to the government's website, and encourage them to be proactive in their planning.

- Find Government advice and information online at <https://www.gov.uk/brexit>
- For more local information about EU exit visit our dedicated web page <http://www.melton.gov.uk/brexit> or email any questions to Melton Borough Council brexit@melton.gov.uk

If anyone still has concerns or needs more tailored advice – please ask them to get in touch with us and we will assist in every way we can.

Thank you for your support.

Edd de Coverly

Chief Executive
